

The Pro fisha 475 is the smallest size kayak in our Pro Fisha range. This model was designed for speed and performance but in a smaller size kayak so as to keep it lighter and a little more manageable. In conjunction with these design features we also wanted to make a Pro Fisha model that would manage the surf a little easier and be more maneuverable. In order to do this we needed to make the kayak smaller with a little more rocker, but not too small or else we would lose the speed factor.

The design of this model allows the kayak to have excellent turning abilities, a more prominent rocker for better wave riding ability and being constructed with epoxy based resins and CNC technology it allows us to keep it super strong and lightweight. Designed for the smaller angler we reduced the volume of the kayak to make it the lightest Pro Fisha in the range.

Designed for performance as well as being light & maneuverable the Pro Fisha's have been well received all over the world.

## Pro Fisha 475

<b>Best Feature:</b>	<b>Speed &amp; Performance</b>
<b>Conditions:</b>	<b>Freshwater and Open Ocean</b>
<b>Length:</b>	<b>15 feet 7 inches</b>
<b>Width:</b>	<b>24 inches</b>
<b>Weight:</b>	<b>53 pounds</b>
<b>Max Angler Weight:</b>	<b>210 pounds</b>
<b>Capacity:</b>	<b>340 pounds</b>

- Stability:** ★★★★★★★★☆☆
- Speed:** ★★★★★★★★☆☆
- Glide:** ★★★★★★★★☆☆
- Manoeuvrability:** ★★★★★★★★☆☆
- Surf Ability:** ★★★★★★★★☆☆
